

Adam Flores | Resume

10401 North Morningview – Santa Fe, Texas 77510

☎ (409) 502 9375 • ✉ azflores9@gmail.com

Education

Lamar

Bachelor of Computer Science,

Transferred and began remote education so that I would be able to work and finish my education.

Beaumont

2018-

University of Houston

Bachelor of Computer Science,

Finished one year of the program so far. In the past two semesters I have learned object-oriented programming, finished Calculus I and Calculus II with an A in each, and continue to work on my personal projects.

Clear Lake

2015-2017

College of the Mainland

Associate in Process Technology,

At College of the Mainland, I was trained to work on a glycol/water distillation unit.

Texas City

2013-2014

Employment History

BLUE SEA CORP

3D Modeling and Animation Work

Developed a 3D model and animation for a presentation of the company's prototype. Used Unreal Engine 3 for the rendering (in real-time) and 3DS Max for the modeling, rigging, and animation.

Galveston, TX

2014-2015

Personal Projects

I have built many personal projects over the years, from Java to NodeJS. I can send examples of whatever work you need for a given position, as I have spent the last 3 years ensuring that I have a very broad skillset. I have experience working with the following:

- Java (Web development)
- JavaScript (NodeJS, front-end)
- SQL Databases (mySQL, postgresSQL)
- NoSQL Database (MongoDB)
- HTML/CSS
- C++
- Scripting (COBOL, Lua, Bash)
- Python
- Vagrant (Virtual Machine based development)
